

Father's Day is June 16th

Lots Going on at **MOBO**!

MOBO promotional solutions has been named Saskatoon's Business Ethics Winner of the Torch Award by the Better Business Bureau!

We were honored to be named as a Finalist again for 2019, as we were also honored in 2013 and 2017. However, this year, at the Torch Awards dinner, we were named as the 2019 Winner!

The entire team at **MOBO** is honored with the nomination and recognition. Owners Bob and Juanita King were in attendance to accept the award.

"We cannot thank our team at MOBO and our dear clients who have supported us over the past 31 years enough. Being recognized for just doing the right thing and sticking to our core values is very rewarding," said Bob and Juanita.

In celebration of this event we had the entire team photographed with the award last week and shared it in the Star Phoenix this week. (L to R Back row: Sherry, Lynn, Karen, Christian, Angela. Middle row: Holly, Anndrea, Ashley, Irene and Tiffany. Front row: Juanita and Bob)

At **MOBO**, our policy is simple: always work to ensure the customer is 100% satisfied. It's that easy. When a customer puts their logo or image on a promotional item we want them to take pride in its quality and presentation. After all, these are items that they will use to represent and advertise their organization with, so they should expect nothing less than top quality products at a fair price.

Owners and Management at **MOBO** all embrace and practice Level 5 Leadership. When things go right it is because of our team. When things go wrong, we own it as leaders and work to understand how we can improve our performance.

Our Company Policy is very simple...100% Customer Satisfaction. As such, we make it right and empower our team to make it right. It is the attention to the smallest of details repeated consistently that have the biggest impact to our bottom line.

We hope this is yet another reason for you to feel great about choosing to work with us!
