

Valentine's Day February 14th

We Love "Shiny and New"

Hot off the press...literally! Karen, Sherry and Holly travelled to Calgary last week to attend an industry trade show with 60 of our top vendors. They "fell in love" with some lovely new apparel and hard good items that we want to share with you today, making MOBO clients the first to see them in Saskatoon!

In apparel, the story was really about new blended fabrics and cool, earth-tone colors. Here are a few of our favorite pieces:

The New North End Stretch Performance Pullover. Fabric is a blend of Polyester, Lyocell and Spandex Jersey that feels like Ring Spun Cotton. MSRP \$60.00.

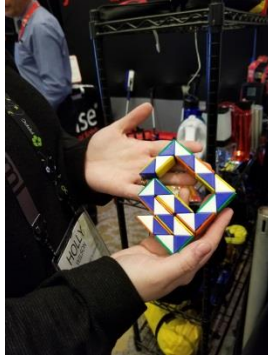

Stormtech's New Bushwick Quilted Jacket. MSRP \$180.00.

A new seamless line of Work-Out Wear from Fersten Fitmatics that is the same fabrication as Lululemon. New T-Shirt, Long-Sleeve, Shorts, Full-Zip and Hoodie. MSRP from \$40.

These are just a few of the new apparel items we saw. Too much to share here but please don't hesitate to contact us for more information or pop into our showroom to see the new samples.

The promotional goods story was just full of fun, new items! Here are some of our favorite pieces:

There were lots of eco-friendly items including a whole new line of products made from Wheat!

We take part in these shows so that we can guide you in finding the perfect item to showcase your brand with. We would love to assist you for all of your spring and summer needs now.

Wishing you a loving February!

- Team **MOBO**
