

Good Friday is April 10th

### Checking In

Happy Spring! Isn't it amazing that despite us being in the midst of a global pandemic Mother Nature keeps to her schedule as if nothing is wrong?

We all know the warnings verbatim by now; "Wash your hands", "Don't touch your face", "Stay 2 meters away from one another" and "Stay home." There is also another they give and that is, "Stay in touch with friends and family." So, that is what we are doing with this newsletter because you are family to us.

Team **MOBO** is maintaining all recommended precautions and while the physical office is closed to the public, we are still producing orders with a skeletal staff onsite of just Bob, Angela and Ashley. The rest of us are at home; some working and some caring for their families.

We just want you to know we are all good and that we are thinking of you during this crisis. Our hope is that you stay safe! Drop us a line. Stay in touch please and let us know how you are coping or if there is anything we can do to assist.

Sherry is sewing face masks at home, Holly is missing her daughter like crazy who is staying with her parents, Aaron is enjoying being a new Dad and Karen is sharing recipes online in a FB group she started to inspire friends in the kitchen and learning how to knit. All the while monitoring and responding to calls and emails, of course.

Why not visit our Facebook page...@mobopro1, and show us how you are coping in isolation? We would love to see what you are up to! We have a contest running until Friday for all those that post a picture of their favorite T-shirt.

We are thinking of you. We wish you all a Happy Easter. Stay well!

-Team ***MOBO***
